RGB-700 Digital Podium/Lectern

RGB-700 is a smart lectern built for classrooms and training halls with a touch-screen workflow and HDMI controller for seamless content delivery and device switching.

The RGB700 Digital Podium is designed for modern classrooms, lecture halls, and training centers. With a user-friendly touch screen and HDMI controller, it allows teachers and presenters to deliver interactive sessions effortlessly. Its ergonomic structure makes it easy to operate and enhances teaching efficiency.

Flexible connectivity

Laptop interface modules include Power×1, USB×2, Audio×1, VGA×1, Sound In×1, HDMI×1, and RJ45×1, enabling quick plug-and-teach setups.

Smart Design with Smooth Mobility

Built with high-density board and stainless steel, the podium combines durability with a sleek finish. The sliding cover offers easy access, while four soft wheels ensure smooth movement. This makes it easy to shift the podium between classrooms or conference halls without hassle.

Advanced Connectivity and Control

Equipped with multiple input/output modules, the RGB700 supports laptops, USB, HDMI, VGA, audio, and network connections. In addition, the integrated power distributor supports up to 3KW input, ensuring seamless power supply for all connected devices. With RFID and mechanical lock security, teaching equipment stays safe and protected.

Product Size(L*W*H)	860x750x1150mm(folded), 1550x1150x1150mm(open)
Material	high density board and solid wood
Color	Grey and black
Screen Angle	15-45°
Working Voltage	110-240V, 50-60HZ
Touch AIO Computer	21.5inch, Intel i5/17-11, 8/16GB DDR4, 256/512GB SSD, WIN10
Laptop Interface	POWER X1/ USB X2/MIC X1/VGA X1/HDMI X1/ AUDIO X1/RJ45 X1
Sliding Cover	left and right push-pull design, opening and closing easily
Multimedia Controller	Standard with 1
Digital Amplifier	Standard with 1
Loudspeaker	Standard with 1 (pair)
Gooseneck Microphone	Standard with 1
Wireless Microphone	Standard with 1
Sliding Drawer	Standard with 1
Equipment Cabinet	Standard with 3
Wheel	Standard with 4

Product Specifications

Design	Cross, With Rails, F rame, Rack, One pi ece, Board
Assembly	Carpenter Assembl y
Inflatable	NO
Warranty	3 years
Artwork	Machine Made
Technology	Machine Cutting
Type	education
Height	1200 Millimeter (m m)
Width	1340 Millimeter (m m)
Metal Type	Iron
Regional Style	Chinese Style
Furniture Type	Conference Table
Material	Stainsteel
Metals Type	Iron
Plastic Type	ABS

Appearance	Contemporary
Folded	Yes
Stackable	Yes
Color	black, grey
Weight	50 Kilograms (kg)
Feature	Eco-Friendly, Firep roof Stander, Dur able, Easy To install
FOB Port	guangahou
Payment Terms	Letter of Credit (L/ C), Western Urron, Telegraphic Transfe r (T/T)
